**11 for the one-time start-up costs. Beginning in FY10-11, the licensing program will generate recurring revenue that will cover its recurring expenses.**

Assumptions applied to amendment:

- Reducing the maximum fine from \$1,000 to \$500 for practicing court reporting without a license will result in a not significant decrease in state and local revenue.
- According to the Administrative Office of the Courts, the proposed bill will not result in an increase in revenue or expenditures for the Board of Court Reporting. As a result of the delay in receipt of licensure fees, the reimbursement to the General Fund of one-time start-up costs of \$26,000 will also be delayed.
